

Parkinson's Association of Ireland have something a little bit special to bring to your attention.

In association with Doctot, we have produced an app for iPhones and iPads, designed specifically to help Doctors, Nurses and Healthcare professionals. Informing and assisting with the diagnosis, treatment and control of Parkinson's symptoms.

Show this leaflet to your GP, Parkinson's Nurse or Healthcare Professional and in doing so you will be helping to improve the treatment of Parkinson's Disease in Ireland.
